Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The war between evil and good is a history that is repeating itself over and over again. It is a never ending cycle that will only break at doom s day with apparently the marginal victory of good. I would say it a marginal victory as the Satan or Lucifer with all of its demons and followers will be bounded to hell. Satan will feel happy as it has captured a lot of God people in his trap. On the other hand, those doomed people were never actually the God s people. Yes, they were the creation of God but like Satan they have followed the path of disobedience. They have to give a full account of their sins to the accountants of God and then they have to pay for them as well. Doomsday will actually be the day of pure mathematics. It will not only include basic arithmetic operations of addition, subtraction, multiplication and division but also include some sort of algebraic equations in it as well. After doomsday, all the rules of mathematics will no longer be applicable as everything will reach to its infinite and perfect state. In other words, this day would be the ultimate day of God s mathematics. God will no longer need any mathematical stage shows as humans will no longer be interested in them. Mathematicians will go to heaven not due to their own absurd mathematics but due to results obtained from the God s mathematics. God is then the real mathemagician and God s math is the real math. However, the God s math shows itself in humans and thus we can understand a bit of it as...
