Author Kevin White takes readers through the deployment of software, ranging from individual files, to complete systems, to multiple users, discussing the range of methodologies used. Intermediate users will learn how to use Apple deployment tools, including Disk Utility, PackageMaker, Apple Software Restore, and NetBoot. Advanced users will learn how to customize deployment solutions with scripts to provide post-installation configuration. Throughout the book, users learn how to tie all of the solutions together to create fully integrated software and hardware deployment plans. 360 pp. Englisch.
