From its first outline in the 1957 Treaty of Rome to its final implementation into the first pillar of the European Union in the Maastricht Treaty of 1992, the creation of a single market and eventually a single currency has been central to the idea of creating a unified Europe and significantly shaped the European communities' institutions and ways of governance. The coming into effect of the Single European Market (SEM) in 1993 and establishment of the Economic and Monetary Union (EMU) in 1999 have probably been the most far-reaching and incisive steps on the way to the economic and following political integration of Europe. In this essay, I will first discuss the impact of the SEM...
