

Subtle Activism: The Inner Dimension of Social and Planetary Transformation (Hardback)

By David Nicol

State University of New York Press, United States, 2015. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Can awakened consciousness contribute to social change and, if so, how? David Nicol introduces the concept of subtle activism to describe the use of consciousness-based practices like meditation and prayer to support collective transformation, such as global meditation directed toward peaceful resolution of a conflict. Subtle activism represents a bridge between the consciousness movement and the movements for peace, environmental sustainability, and social justice. It is not a substitute for physical action but rather a potentially crucial component of a more integrated approach to social change. Although ancient lore is rife with tales of shamans and adepts intervening on spiritual levels for the benefit of humanity, this book is the first comprehensive treatment of this topic. Nicol grounds his consideration in the available scientific research and in dialogue with a broad range of thinkers in the fields of consciousness studies, transpersonal theory, and New Paradigm thought.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- **Felicia Nikolaus**

These sorts of ebook is the ideal book offered. It can be writter in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.
